Advanced Particulate Filtration / Agglomeration

MERV 16+ Rated Ceiling Circulators

MERV 16+ Resi Ducted In-Line

MERV 13+, 1" and 2" Enhanced Filtration

MERV 16+, AHU Modular In-Line

Bipolar Ionization

Humidification / Dehumidification

Direct Isothermal

Duct Dist. Isothermal

Direct Adiabatic

Duct Dist. Adiabatic

Compact Desiccant

Large Desiccant

Custom Desiccant

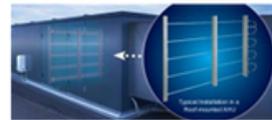

Pathogen / Mold / Mildew Mitigation

HVAC Integrated Air Sanitizer (ADB)

Zero-Waste Carbon Filters

Coil Cleaning UVGI

Duct UVGI Air Disinfection

HVAC Energy Reduction - ASHRAE 62.1 Outdoor Air Alternative

Indoor Large HLR Module

Indoor Small HLR Module

Rooftop Large HLR Module

Portable Air Purification Products

Compact Up to 500sqft

Deluxe Up to 1,200 sqft

950P Up to 3,500 sqft

2000SC Suspended or Portable, 2,000cfm

AIR QUALITY MONITORING

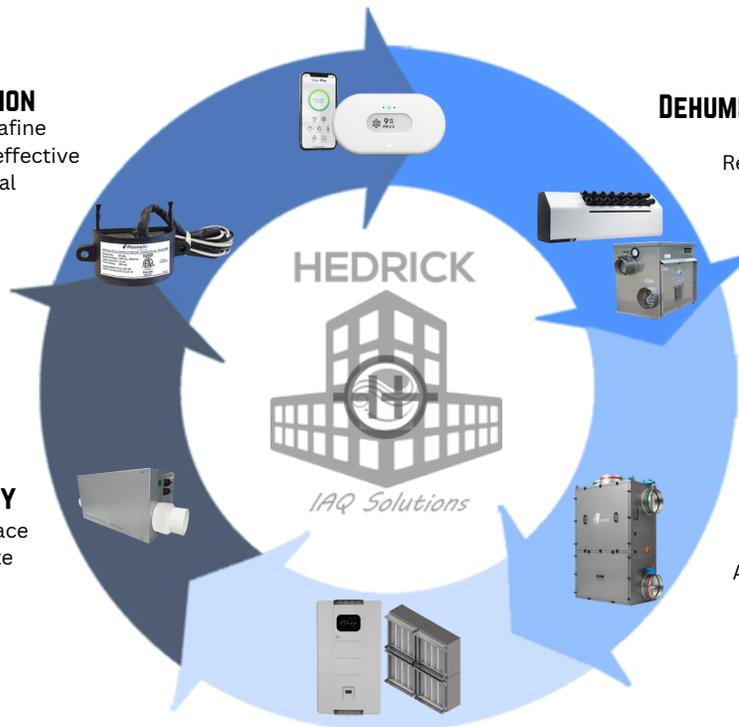

Measure for IAQ baseline
Determine IAQ problems

BIPOLAR IONIZATION

Agglomeration of ultrafine particulate, allowing for effective filtration or removal

DEHUMIDIFICATION/HUMIDIFICATION

Optimize immune system
Reduce aerosol transmission potential

AIR DISINFECTION BIOSECURITY

Safely deactivate airborne and surface viral/bacterial pathogens. Eliminate mold, mildew and odors

HVAC LOAD REDUCTION

IAQP for outdoor air reduction
Adsorb and remove indoor pollutants
Reduce costs of facility HVAC

**DISINFECTING FILTRATION SYSTEM
HIGH EFFICIENCY PARTICULATE FILTRATION**

MERV 16+ equivalent filtration efficiency
Pressure drop equivalent to MERV 8
